

MAK PAPER

packaging products raw materials and machinery

AKYOL family company group started its activities in 1963 in Samsun with amusement park management and amusement park toys manufacturing and then added construction sectors to it's portfolio. In 2018, the company stepped into the paper industry and established the paper production and trading company under the name of Makpapers. It started with the production of paper cups and focused mainly on exports. Today, it continues to produce in Konya on an area of 3000 square meters and also engages in raw material import and trade activities. Makpapers's primary purpose is to lead the paper trade in foreign markets through exports and to represent Turkey in the best way in foreign markets. The main countries to which the company exports to are USA, Germany, Bulgaria, Morocco, France, Georgia, Israel, Italy, Russia, Ukraine and Tunisia

The company's activities are aimed at production and promotion of environmentally friendly disposable packaging for all world. Focusing on the features of the modern world, specialists of our company open new directions, create innovative packaging solutions.

As a distributor of disposable food packaging of the most famous European factories, we focus on our own production.
